FINALLY!

Get your voice, data and phone system all from one company!

PAETEC IP SIMPLE SOLUTIONS

MORE WITH LESS

All businesses today are looking for ways to reduce their expenditures in an effort to cut budgets while still maintaining a competitive edge.

LEVERAGE PAETEC'S DYNAMIC IP SERVICES TO CONSOLIDATE YOUR VOICE AND DATA USAGE

- Eliminate inefficient and costly services and replace with an integrated voice and data solution.
- PAETEC's next generation network, combined with SIP Trunking dynamically allocates voice and data traffic to maximize your network productivity.

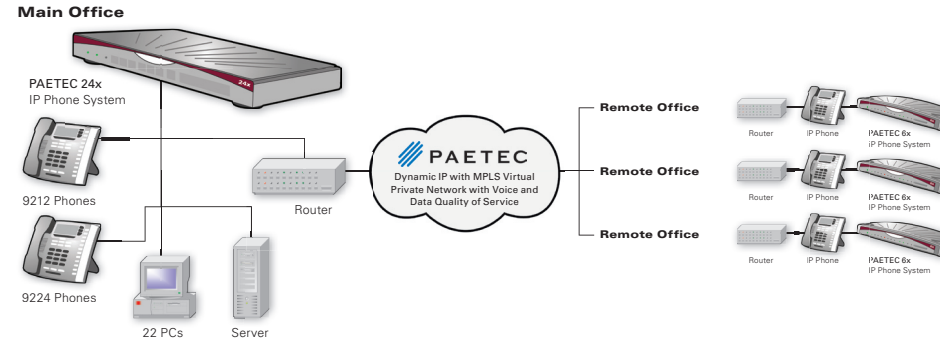

OPERATE YOUR BUSINESS MORE EFFICIENTLY

- With a consolidated "one office" environment, you can now dial employees and remote branches as if they were in the office next door.
- One attendant can now manage all your locations freeing up employees to handle their primary responsibilities.
- With PAETEC's Network Services and IP Phone Systems you can now centrally manage your communications for multiple locations under one roof.

PAETEC DOES IT ALL

- We are your dedicated technology resource, PAETEC's managed services can maintain your communications needs from the communications closet to the desktop.
- With PAETEC you can consolidate your multiple IT vendors to a single point of contact and truly have "One Hand to Shake."

PAETEC "ONE OFFICE ENVIRONMENT"

With PAETEC's robust network and industry leading equipment, you'll have the solutions you need and the savings you want from **one provider, on one bill, with one hand to shake!**

Rent your phone system from PAETEC and future-proof your communications!

There are a number of reasons to rent new equipment from PAETEC rather than paying up front. You can preserve cash, protect credit lines, and gain some tax benefits. Renting equipment from PAETEC enables our customers to acquire new equipment including phone systems with no capital expenditure.

To learn how PAETEC can help your business evolve into the next generation of communications while staying within your budget, call us today at **866.753.6935**
