

SOLUTIONS THAT SIMPLIFY YOUR TELECOM SERVICES

There Is Only One Bill

CORPORATE OVERVIEW

Ernest Communications Inc. (ECI) is a privately held National Local Telephone Company, headquartered in Norcross, GA. Over the past 20 years ECI has grown from one of the leading public communications service companies, to the largest provider of competitive local telephone service for the public communications market. Today, ECI is the only national local telephone company that offers customers turnkey billing and single-point-of-contact customer support for every location nationwide regardless of LEC or ILEC regions.

Our success is based on our focus and determination to become the nations leading and largest local telephone company exclusively dedicated to serving multi-location accounts. ECI has established itself in the market as one of the industry success stories by remaining profitable and debt free since our very first year of operation. The loyal customers we gratefully serve are also responsible for our continued success. By delivering reliable and competitive local service nationwide on one bill, coupled with dedicated account managers to take care of your every need, it's easy to see why our customers continue to choose ECI as their preferred carrier.

Tired of Managing Multiple Invoices from Multiple Companies?

ECI is the only local telephone company that can serve and manage 100% of your multi-location telecommunications needs. Some may come close in coverage but is that the core competency and mission of their company? At ECI, there is only one market, Nationwide Multi-Location Accounts.

We believe your business is ready for a change. ECI has the people and services to demonstrate we are a Better Kind Of Phone Company!

WHAT OUR CUSTOMERS SAY

"ECI is one of the most responsive companies we have ever worked with, from their customer service representatives to their CEO."

--CCLD

"Our migration to Ernest has been seamless and timely."

--Cinnabon

"From consolidated billing to friendly responsive client services, there is only one company that delivers strategic value to our organization..."

Ernest Communications."

--Comm-Works

ECI IS THE ONLY PHONE COMPANY THAT CAN SERVICE AND MANAGE 100% OF YOUR MULTI-LOCATION TELECOMMUNICATIONS NEEDS.

WHY ECI?

For one, Peace of Mind! ECI can provide you local and long distance services, we can also help manage it so you don't have to, allowing you to get back to *your* business. ECI dedicated account managers will handle all of your new location openings, closings, transfers; moves, adds, changes and disconnects (MACDs); and trouble tickets. At ECI your dedicated Account Managers become an extension of your own IT/Telecom staff. If that's not enough, how about all those charges that seem impossible to track. With ECI, what your accounting department once felt was too time consuming to manage, is transformed into an easily audited process. ECI can even help you recover past expenses from other local and long distance companies through a network of leading telecom auditing and accounting partners.

ECI SERVICES

Your locations have local communications needs. ECI is committed to providing highly reliable local voice and data services to increase your business success.

Local Service include basic dial tone, feature rich or featureless local service, long distance, 911, Directory Listing, Operator Service and Equal Access designed to address all of your business needs. Whether you use ECI to connect to a telephone, fax machine, modem, ATM or Point of Sale (POS) device, ECI can save you time and money.

ECI Managed Services offer an array of comprehensive solutions for managing your telecom needs. ECI's Managed Network Services provide options that include assessments, telecom audit, implementation, project management and customer service tailored to meet the specific goals of your business.

OUR VALUE PROPOSITION

With ECI as your single-source telephone company, your staff can free up existing resources to focus on more strategic business initiatives such as company VPN's, OSS systems, inventory control systems and supply chains for example. Let ECI manage your dial-tone and plain old telephone services (POTS) and save you up to 50% off what you're currently spending today with your local and long distance companies. Remember, at ECI we have been experts at implementing and managing large multi-location accounts for almost a decade.

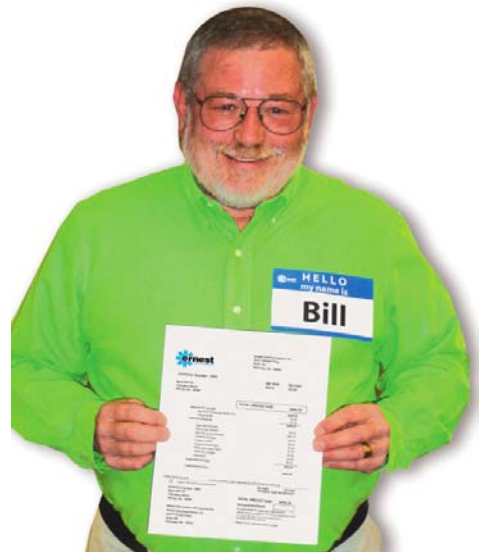

The ECI Advantage

- Reliability of the LEC network
- Seamless transfer of service, same numbers, same lines
- Consolidated electronic or paper invoice for all locations customized your way
- 100% coverage anywhere in the US
- Dedicated single-point-of-contact customer care and account management for all MACD's
- Financial stability of a profitable, debt-free company

There Is Only One Bill

One Call, One Company, One Invoice
