## Welcome to the Summer Enrichment Academy!

The Renaissance School is happy to present our seventh year of summer enrichment programs in Science, Drama, Art, Literature and History for children who have completed Kindergarten through Grade 6. Students will participate in a week-long course of interest with staff from The Heartworks and Renaissance Schools and visiting teachers who specialize in the field of study. Students will enhance their talents and learn new skills in a stimulating and nurturing environment. The Summer Enrichment Academy is located at The Renaissance School on Shelburne Farms and at The Renaissance School at Shelburne Commons. Many lessons will take place in the out of doors to capture the beauty of the summer.

## The Academy at Shelburne Farms

(Eve at Space Camp's Mission Control in Huntsville, AL)

### Science

**Space Camp:** Join Eve Dubois and find out what it's like to explore the expanse of space from Mission Control. Build and launch rockets, conduct experiments and take a look at where NASA is heading in the future and how they will get there. **June 28-July 2**

**Caves:** Explore the world of underground caves. Learn how caves are formed, who lives there and why caves are important to our world. Visit local caves to explore these mysteries in person. Come spelunking with us! **July 26-30**

### Bringing History to Life

**O' Pioneer:** Learn about and live the life of a pioneer on Shelburne Farms. Discover life without electricity, learn how to build shelters and cook outdoors, help with farm animals, make clothing and tend the gardens just like the pioneers did so many years ago. **July 12-16**

**Wings and Wands:** Fairies, elves, wizards, gnomes and dragons. These magical creatures have lived in stories and folklore throughout time. Join in the construction of fairy houses, the search for gnomes and learn the legends of many magical creatures. **July 26-30**

### Literacy

**Adventures in Wonderland:** Lewis Carroll's classic stories of Alice bring readers on a grand adventure through Wonderland. You'll have a Mad Hatter's tea party, solve the riddles of the Cheshire Cat and play the Queen of Hearts' favorite game, croquet. Join us for a journey through the looking glass. **June 28-July 2**

**A Week at Hogwarts:** Step into the world of Harry Potter. This series of books, written by J.K. Rowling, has inspired children all over the world to imagine a world where wizards and witches live among us. What would it be like to attend Hogwarts School of Witchcraft and Wizardry? Come find out. (Ages 7-12) **July 12-16**

### Out on the Farm

**Detective's Academy:** Dig for treasures, explore Pirate's Cove, investigate fossils, create scavenger hunts and learn to follow clues on a treasure maps. Like Sherlock Holmes and Agatha Christi, children will learn the art of solving mysteries using Shelburne Farms as their backdrop. **July 19-23**

**Pastoral Expressions:** Bring nature to life through art and writing. Children will adventure around the farm and reflect their experiences through poetry, photography, sculpture and painting. **July 19-23**

## The Academy at Shelburne Commons

### Art and Drama

**The Peanuts Play:** Come sing and dance with Charlie Brown, Snoopy, Lucy and the whole Peanuts gang. Have fun portraying the loveable characters created by Charles M. Schulz and made famous through his comic strip. Children will make their own costumes, create their set and present a performance for family and friends. **June 21-25**

### Art

**Honey I Shrank the Class:** Use recyclables to create larger than life three dimensional works of art. This camp will show how one person's trash can truly become another person's treasure (for children ages 8-12 years). **June 28-July 2**

### Tutorials

**Midsummer Academic Tutorial:** An opportunity for children to refresh their skills in Math and Literacy before the school year begins. (ages 6-11) **Aug2-6**  
**Individual tutorials by request**
