Dear Parents,

Thank you for your interest in the Heartworks School. Enclosed you will find an application and fee schedule for the 2010/2011 School Year. Heartworks offers preschool classes for children ages two to five with an extended day option for those parents who desire a full day program. We expect a busy enrollment season and have begun to receive applications for the upcoming school year.

When completing your application, please indicate your preferred days at school and whether you have flexibility in your schedule. This assists in keeping a balance in numbers while still accommodating our working parents in the program.

Children are accepted on a first come, first served basis, so it is important to be timely in returning your application. Many families in our schools receive some tuition assistance. If you wish to apply, please call the office and we will mail the appropriate forms.

We look forward to another growth filled season at Heartworks with many returning children and new families as well. We also offer an elementary school program in Shelburne at our Renaissance School. Please call if you would like additional information on this program.

Sincerely,

Kelly Libby  
Director of Enrollment

Children are accepted on a first come, first served basis  
We do not deny enrollment to individuals based on race, religion, ethnicity or disability

## **Philosophy Statement Honoring the Spirit of Each Child**

Heartworks School is a preschool and summer program with locations in Burlington, Shelburne, and Williston, Vermont.

Heartworks provides a warm and enriching environment for childhood play and learning. Our focus is on viewing children as growing individuals and helping to expand their ability to experience life to the fullest.

The goals of Heartworks include:

- Assisting each child to build upon their gifts, creating a sense of personal self-worth
- A commitment to a child-centered academic curriculum
- Maintaining an experienced, well educated teaching staff
- Providing small, same age classes (approximately 10 children)
- Individual, whole group and cooperative opportunities for learning
- An emphasis on both the creative and physical arts
- A commitment to ethnic, racial, socio-economic and spiritual diversity
- An emphasis on learning to live in harmony with respect to the earth and our world community

“As we open our hearts to children we embrace them with love, acceptance and without judgment. We welcome the child into the world of play for both fun and learning. If it is not fun, then the child will question, ‘Is it worth doing?’ With every season there is a right time to do and to learn. We help in finding the right season for growth, for optimal learning and for enrichment.”
